Autism Spectrum-UK

Welcome to Autism Spectrum-UK

Please select which site you would like to visit

Adult Autism Spectrum Cohort-UK

For adults and relatives of adults with autism living in the UK

Autism Spectrum Database-UK

For parents of children with autism living in the UK

DasIⁿe

For parents of children with autism living in the North East of England

Launched October 2003

Partnership between parents, professionals and academics

Aims to provide accurate information about numbers & needs

Progress

- Renewed Health Ethics
 - Letter to young people at age 18 years
- Published papers
 - 2 published 2015
 - 3 in preparation (age at diagnosis, gender differences, change over time in behaviour problems)
- Information for Local Authorities
 - E.g. Newcastle autism scrutiny group; Gateshead; Sunderland (numbers in each year of secondary)

Progress

- Eight research studies supported with recruitment in last 12 months, e.g.
 - ‘Ups and Downs’ project (Newcastle)
 - ‘Seeing the world differently’ (London)
 - Intervention to prevent temper outbursts (Belfast)
- Research committee meets 5 times a year, including 6 parent representatives
- ASD+ project involved 658 families (ASD-UK/Daslⁿ_e)

Any questions?

- For questions about the databases or research
